- As a **reminder**, children should be picked up **after** their enrichment time to maximize their out-of-school-time learning.

ENRICHMENT CLASS DESCRIPTIONS

CLASS	DESCRIPTION
Rhythm Rockstars	Students will explore beats, and express themselves through music and dance. They can create routines and build confidence through movement.
Discovery Detectives	Students become mini detectives as they investigate mysteries through hands-on experiments, observation challenges and fun clues. Each week, they explore how things work, make predictions and make discoveries like real detectives.
Create Your Way Club	Create your way club is a flexible space where students get to choose between different activities like craft building, story telling and creative challenges.
Build It Battle Zone	Students use building materials to solve challenges, test ideas and learn simple engineering skills as they compete in fun building games that boost teamwork and creative problem solving.
Imagine It Workshop	Kids turn recycled items and unusual objects into fun art, games and inventions. Each week, they will open a mystery bag of materials to create something unique.
Fun Friday	Fun Friday finally arrives—a much-needed breath of relief after a busy week at school. In our after-school program, it's the time when students can relax, enjoy being with friends, and jump into exciting activities—from playing games to burning off extra energy. It's the perfect way to end the week with laughter, fun, and a well-deserved break.
