- Each week, K - 2<sup>nd</sup> and 3<sup>rd</sup> - 5<sup>th</sup> groups will rotate between the activities.
- As a **reminder**, children should be picked up **after** their enrichment time to maximize their out-of-school-time learning.

# ENRICHMENT CLASS DESCRIPTIONS

CLASS	DESCRIPTION
Let's Get Fit!	A fun, high-energy enrichment program that keeps students active through simple fitness games, movement challenges, stretching, and kid-friendly exercises. Activities are designed to build healthy habits while making physical activity enjoyable for all skill levels.
Picture Writing	Picture Writing is a creative enrichment where students draw a picture and write sentences to describe it, helping them express ideas through both art and words.
Creative Minds	Creative Minds is an engaging enrichment program where students explore imagination, design, and problem-solving through hands-on projects, creative challenges, and collaborative activities.
Art Explorers	Art Enrichment is a creative program where students explore drawing, painting, crafting, and design through fun, hands-on projects. Students experiment with different materials and techniques while expressing their own ideas and imagination. The goal is to encourage artistic expression, build confidence in creativity, and help students learn to communicate ideas visually while engaging in enjoyable, skill-building art activities.
Spark Studios	Spark Studios is a hands-on STEM program where students explore science, technology, engineering, and creative building through fun experiments, challenges, and design activities.
