- As a reminder, if your child(ren) receives a **21st CCLC scholarship**, they should be picked up **after** their enrichment time to maximize their out-of-school-time learning.

# ENRICHMENT CLASS SCHEDULE

CLASS	DESCRIPTION
Tiny Tale Makers	Children will use pictures, props, and drawing materials to create and retell stories while practicing sequencing, vocabulary development, oral language, and listening skills. The club encourages imagination, collaboration, and confidence in a structured learning environment.
Kindness Creators	Through facilitated discussions and hands-on activities (creating cards, posters, and presentations), children learn about kindness, empathy, cooperation, and respect. The club encourages positive communication, teamwork, and responsible behavior while helping students develop creativity and confidence in a structured and supportive environment.
The Motion Squad	Students build teamwork and socialization skills while playing exciting physical games like balloon volleyball, relay races, toss-and-catch challenges, and classroom obstacle courses. Children will rotate through fun activity stations, practice strategy, and even create their own mini-games to challenge friends. Every week brings new ways to stay active, build coordination, and show off your Mighty Mover skills!
Time Capsule Club	Time Capsule Club is a hands-on enrichment club where students share and capture memories and stories, through art and writing. Creativity is encouraged as students design personalized pages, journals, and keepsakes to preserve special moments, express themselves, and explore storytelling.
Minute to Win it	Minute to win it games are fast paced challenges where children try to complete a fun task in 60 seconds or less! Each activity uses engaging literacy and learning materials and encourages teamwork, builds coordination, and problem solving skills!

# ENRICHMENT CLASS SCHEDULE

CLASS	DESCRIPTION
Diamond Dazzlers	Diamond Dazzlers will create colorful, sparkling art projects using tiny gem-like pieces. Students practice following patterns, focusing on details, and developing fine motor skills as they turn their ideas into dazzling masterpieces. They explore creativity, patience, and teamwork in a positive, supportive environment while making art they can proudly display.
ART/ CPS Teacher	A creative space to explore new techniques with paint, clay, markers, and more, turning ideas into colorful masterpieces
STEM/ CPS Teacher	Hands-on weekly challenges using creative materials to build rockets, towers, bridges, and parachutes while problem-solving and experimenting
SEL/ CPS Teacher	Games and activities that build friendships, teach coping skills, and promote teamwork, kindness, and leadership
SPORTS AND MORE/ CPS Teacher	Fun sports and movement games focused on teamwork, skill-building, and staying active
